Meet our themes

Our collections are divided into themes. Within these themes, various collections come together that represent a similar atmosphere. The materials are coordinated, and the fabrics used are either identical or complementary to each other.

With a calm base, this makes our furniture timeless. The color theme is reflected in the decorative cushions and details, adding extra cachet and ambiance.

The products within a theme can be perfectly combined with each other, allowing you to create a unique garden set. This results in surprising combinations that fit your garden, outdoor room, veranda, or terrace.

'Earthy Elegance' blends the warm and organic appeal of earth tones with a sophisticated touch. It embodies a style that is at once inviting and polished. The beauty of natural tones like bronze and warm teak are brought together in this theme, resulting in a feeling of self-evident luxury.

Intense colours like Bronze, Black, Teak and Willow are combined with rich fabrics like fluffy Bouclé Crème, Soft Ochre and Charcoal Black. Tonal shades are used to create a chic and perhaps even a little classic atmosphere. The shimmer in the Bronze coating adds extra grandeur. The iconic Willow Biculair® wicker was initiated by Apple Bee's designer Sako Wijma. The colour nuances in these wicker strands give a beautiful natural look.

'Natural Blush' refers to soft, subtle notes such as vanilla and pink reminiscent of the colour of blushing cheeks after a nice spring walk. It evokes a fresh and soft feeling. This colour palette goes well with shades of natural wood such as teak and oak. Nature is coming back to life after a long winter. Welcome spring!

Within this theme, you will find natural teak furniture and aluminium furniture in the pastel colour Oyster. Oyster is a stylish off-white shade. These materials are combined with contemporary soft and fresh fabrics such as Cotton Flower, Peony Pink and Olive Leaf. In addition, Biculair® braids are used in natural shades such as Golden Sand, Seashell and Natural. The brushed finish underlines the natural accent of this quality braid.

The various collections within this theme can be perfectly combined. The extensive table programme with dining, coffee and side tables forms a whole in colour and style.

'Woodland Whispers' refers to the serenity of a quiet forest. It evokes the soft sounds and subtle movements, such as the rustling of leaves, the peaceful chirping of birds and a whispering breeze through the trees. This theme captures the essence of the calm and peaceful atmosphere of the forest.

Within this theme, the warm frame colours Taupe and Black were used in particular. These colours form a powerful accent against the lush green of the plants in the garden. The fabrics and Biculair® braids preserve the tranquillity that this theme strives for. Think Ochre, Natural Oak and Smoked Grey. Different materials such as Teak, Sintered Stone and Ceramic are used for the tables.

As a forerunner in the market, Apple Bee has been carrying the frame colour Black for many years in collections such as Milou and Condor. The timeless and calm pallet of these materials and colours guarantees years of enjoyment from garden furniture from this theme.

WARRANTY

Our garden furniture is covered by a 3 year warranty, which extends to material and manufacturing defects, under normal usage. The warranty excludes:

- Damage through use
- Scratches
- Stacking damage
- Loosening / detachment of seams, zippers and/or plaited strands
- Fine cracks in wood
- Turning grey / discolouration of wood
- Standard cushions

Defects that are the result of incorrect or improper use (for example: abnormal loads, damage from aggressive substances, incorrect assembly or maintenance, repairs by non-experts, etc.) are also excluded. This warranty does not entitle the purchaser to compensation. Any claims or warranty should be made through the supplier, on presentation of the sales receipt and clear pictures. For more information and practical tips on the warranty and maintenance, visit www.applebee.nl or email: service@applebee.nl.
